

CLINTON LAND CONSERVATION TRUST, INC.
BOX 121, CLINTON, CONNECTICUT 06413-0121

The purpose of the Alice & David Crosby Environmental Scholarship is twofold:

- To honor former Clinton residents Alice and David Crosby, longstanding members of the Clinton Land Conservation Trust, Inc., for their lifetime commitment to the environment. David was a distinguished Forest Entomologist and an early and longtime member of the CLCT Board of Directors. He contributed invaluable forestry expertise to the creation of the Trust's first hiking trails in the Peters Woods and Deane Haag properties. Alice consistently supported her husband's environmental activities and concerns and made her own significant contributions to the education not only of Clinton's children, but also to the education of children in Milford, CT, and Juneau, AK, having served for many years as Chairman of the Boards of Education in all three communities.
- To encourage and promote the pursuit of a higher education in the environmental field by providing a \$1,000 scholarship to a qualified graduating high school student who is a resident of Clinton.

Award of the scholarship is at the discretion of the Clinton Land Conservation Trust, Inc., and will be made according to the guidelines set forth within this document. The actual monetary award will be made directly to the college/university on the recipient's behalf.
